PROFESSIONAL EXPERIENCE

Product Design Manager | Accumn – A Yubi Company

Ahmedabad, India | April 2025 – Present

- Lead and mentor cross-functional teams, driving user-centered UI/UX and product design delivery.
- Define and execute design strategies aligned with business and user goals across the product lifecycle.
- Develop scalable design systems, significantly improving consistency and delivery speed across teams.
- Integrate AI-driven personalization and automation, meaningfully boosting product engagement.
- Utilize AI tools for ideation and prototyping, substantially cutting design iteration time.
- Leverage data analytics to optimize UX, noticeably improving task completion rates.
- Partner with product teams to define product requirements and author PRDs for new initiatives.
- Drive AI-powered, end-to-end product delivery from ideation through launch and iteration.

Lead Designer | Accumn – A Yubi Company

Ahmedabad, India | April 2023 – March 2025

- Led a design team, overseeing UI/UX execution across multiple product lines for consistent quality.
- Owned end-to-end design delivery for key features, from research through high-fidelity UI handoff.
- Built and scaled design system components, improving design-engineering collaboration.
- Mentored junior and mid-level designers through design reviews, raising team-wide standards.
- Partnered with product managers to translate business requirements into user-centered design.

Web Designer | Accumn – A Yubi Company

Ahmedabad, India | January 2019 – March 2023

- Designed wireframes, prototypes, and UI/UX across web and mobile product applications.
- Built responsive, pixel-accurate web interfaces in close collaboration with front-end developers.
- Created visual design assets and reusable UI components, laying the early design system foundation.

Web Designer | Aarvi Encon Limited (GIPL)

Gandhinagar, India | March 2016 – January 2019

- Designed wireframes, prototypes, and UI for web and mobile applications.
- Collaborated closely with developers to ensure seamless, pixel-accurate implementation.
- Created branding assets and marketing creatives to support business and campaign goals.
- Led a company-wide rebranding initiative that strengthened brand identity and user engagement.

Web Designer & Developer | AEON Software Pvt. Ltd. (R.M.C)

Rajkot, India | October 2015 – February 2016

- Designed and developed responsive websites and landing pages.
- Ensured usability, accessibility, and performance optimization across deliverables.
- Collaborated with developers to ensure accurate design execution.

IT Software Engineer | Galaxy Bearings Limited

Rajkot, India | August 2014 – September 2015

- Developed and maintained system and embedded software.
- Debugged and resolved system and networking issues to maintain operational uptime.

Jr. Java Developer | Softech Infosys

Ahmedabad, India | September 2013 – March 2014

- Developed software using Java, Advanced Java, Hibernate, and MVC frameworks.
- Collaborated with teams to translate requirements into technical solutions.

EDUCATION

Bachelor of Engineering, Computer Engineering

G.E.C. Patan, Gujarat Technological University (G.T.U) | CGPA: 7.01 | 2009 – 2013
